Cozi Zone making under floor heating simple!

How to get your no obligation quote for probably the world's best? Under floor heating system. Its simple just send us the following.

- 1 [] Floor plan with scale or dimensioned sketch (we can accept CAD files PDF files even faxes).**
- 2 [] Indicate floor type i.e. screed, timber suspended(joists), floating floor(for an over lay system on pre-grooved insulation boards).**
- 3 [] Preferred manifold position(i.e. under stairs, in utility room etc.).**
- 4 [] If joisted please tell us direction of joists if known.**
- 5 [] Do you want us to quote for insulation.
If so, is it to meet building regs. pt. L {heat losses}?
Or, just to prevent downward heat loss from UFH?**

And please don't forget the most important part, your details.
